Class 12th Commerce Board

March 2022

- Percentage : 93
- Percentile Rank(PR) : 99.94

Projects

CloudPrac – AWS Cloud Practitioner Prep App (Android)

[github.com/name/repo](#) [🔗](#)

- Collaborative Project — Android Studio — Java
- Developed a mobile application designed to help users prepare for the AWS Cloud Practitioner certification exam. Key features include user authentication, access to curated study resources, and interactive quizzes to assess knowledge

Collage ERP system

[github.com/name/repo](#) [🔗](#)

- Static Web Application — HTML, CSS, JavaScript
- Developed a static ERP website for Marwadi University as part of the Summer Internship Project (SIP), in collaboration with a teammate. The system features modules to manage student records, faculty information, and course structures. Focused on creating a clean, intuitive UI and organizing academic data efficiently. Demonstrated foundational skills in front-end development and collaborative project execution.

Technologies
